

Giaconda Offer 2010

We have included Rick Kinzbrunner's notes on each of the wines.

2009 Aeolia Roussanne

Similar in quality to 2008, the 2009 now for the first time has a small percentage of marsanne included in the blend. 2009 Aeolia is approx 97% roussanne and 3% marsanne from the Warner vineyard and is totally barrel fermented with 10% new oak. The nose is complex, spice, meal, fig, apricot and pear, with some oak. Concentrated flavours, exotic spices, hazel and almond nuts, rich and lush, the clean dry finish lingers in the mouth, with mineral flavours and a balanced acidity. Perfect food wine, suited to Asian cuisine and seafood.

2009 Nantua Chardonnay Roussanne

The only chardonnay released from the 2009 vintage and includes the Estate Vineyard chardonnay. Complex nose, more concentration and depth than usual due to the Estate chardonnay inclusion. All the usual Giaconda chardonnay characters, meal with complex creamy textured palate, rich and long. Crisp finish with minerality, fine acidity and oak. Great drinking now with the potential to improve over the next 2-3 years. (Approx 7% roussanne included)

2009 McClay Rd Shiraz

Spicy nose, rich and plummy with some charcuterie character and dark chocolate. Complex flavours, medium to full bodied, rich and concentrated with mineral characters, tannin, making a long finish. This is a blend of Warner Vineyard, Estate Vineyard and Ergo Sum shiraz and has cellaring potential

2008 McClay Rd Cabernet Sauvignon

Typical cabernet nose and character, cassis, black fruits, intense and concentrated. This follows through to the palate, rich flavours, balanced acidity and a long finish with medium full tannins. This is 08 Giaconda cabernet reclassified.

Wine	Price each	Offer Price	Qty in bottles	Total
2009 Giaconda Aeolia Roussanne	87	80		
2009 Nantua Les Deux Chardonnay Roussanne	55	50
